

## *What If My Pet Becomes Ill?*

Unlimited scheduled office visits and exams during regular business hours are always covered under all Wellness Plans with an additional 5% cash back on all additional services.

East & West Ridge Animal Hospitals are providers for all pet insurance carriers.

## *How Do I Enroll My Pet?*

All that is required is a signed enrollment form available from our staff and a payment arrangement form. You may wish to pay for your plan yearly but if not you can elect to have an automatic debit from your bank on the 5th of every month.

**For More Information or to Enroll a pet Call:**

**East Ridge Animal Hospital: 541-884-9383**

Or

**West Ridge Animal Hospital: 541-884-6771**

# OPTIMUM WELLNESS PLANS

Caring, Personal, &  
Individualized Plans  
for Your Pets  
Needs.

## What are Optimum Wellness Plans?

- Wellness Plans are individually tailored preventive care plans for your pet at all life stages which ensures your pet's optimal health.
- Wellness Plans **are not insurance**, they are better. Optimum wellness plans are an affordable way to care for your pet by providing disease prevention and early diagnosis. They are not intended to treat unforeseen injury or illness.
- Wellness plans are affordably priced proactive healthcare plans that spread the cost of prevention over 12 months
- Wellness plans give a large discount of approximately 50% on all covered preventive services PLUS 5% Cash Back Rewards that can be used for any pet in the household!

## Why Should I enroll my Pet in an Optimum Wellness Plan?

- In addition to **UNLIMITED FREE OFFICE VISITS** for your pet, twice yearly comprehensive physical exams are also included to help catch diseases in early stages when they can be treated most effectively and less expensively.
- Research shows that more than 10% of pets brought to a veterinarian for a check-up have an underlying disease or condition.
- Your pet ages 6 to 10 years for every year you age.
  - An 8 year old pet that does not visit the vet for 18 months is equivalent to a 60 year-old person going without care for 15 years!

## Free Scheduled Office Visits

- Comprehensive Physical Exams (2 per Year)
- All Core Vaccines During each Plan Year
- Heartworm Test (Dogs)
- FeLV/FIV Test (Cats)
- Broad Spectrum Deworming (2 per Year)
- Avid Microchip (if not already chipped)
