

Boarding Intake Form

Peace of mind. Thank you for giving us the opportunity to care for your pet! When traveling or on vacation, there is no need to worry about your pet's stay. Rely on our team here at East and West Ridge Animal Hospitals to make your pet feel comfortable. Keep them happy with our exceptional boarding services. One of the best reasons to have your pet stay with us is knowing there is medical personnel on site if ever needed. We will take care of your pet like they are family!

Our services. We have doggy or kitty day care as well as overnight stays. If dogs are kept in the same kennel, there is a discount. We also have a discount if your pet stays for longer than 14 days. All animals are welcome!

What is required? To prevent the spread of disease while your pet is in our care, we require certain vaccinations in order to board. Dogs need to be up to date on their Bordetella (kennel cough), Distemper/Parvo, and Rabies vaccines. Cats need to be up to date on their FVRCP and Rabies vaccines. Please bring in proof of vaccines at time of drop off. Any needed vaccines will be given if your animal is up to date. If it is found the animal is not up to date on any vaccinations, we will administer them at the owner's expense.

Hotel Rules. Check out time is 12 pm the day you pick up, just like at a hotel. You will be charged another day of boarding if you pick up after noon.
